

SINA BAGHERI NEZHAD

sina.bagherinezhad@pdx.edu • sinaai.github.io

EDUCATION

PhD in Computer Science <i>Portland State University</i>	Sep 2022 – Dec 2025 (anticipated)
Masters in Computer Engineering - Artificial Intelligence <i>Iran University of Science and Technology</i>	Sep 2019 – Dec 2021
Masters in Technology Management <i>University of Tehran</i>	Feb 2014 – Feb 2017
Bachelor in Industrial Engineering <i>Karaj Azad University</i>	Sep 2007 – Jul 2012

RESEARCH EXPERIENCE

Graduate Research Assistant <i>PortNLP Lab & Department of Computer Science @ Portland State University</i>	Aug 2023 - Now
<ul style="list-style-type: none">Conduct research on multilingual language models, focusing on the correlation between language characteristics and the performance of multilingual models. Investigate the impact of model scaling on seen and unseen language performance.Research fairness in cross-lingual and multilingual summarization and question-answering (QA) systems, focusing on ensuring equitable model performance across languages and fair representation of diverse groups in summaries.Develop and analyze fair clustering algorithms, contributing to the development of a novel constant-approximation algorithm for fair sum-of-radii clustering.Supervised by Prof. Ameeta Agrawal and Prof. Sayan Bandyapadhyay.	
Researcher <i>Data mining lab @ Iran University of Science and Technology</i>	Sep 2020 - Apr 2021
<ul style="list-style-type: none">Research and develop a method for searching and retrieving information from a vast collection of multilingual documents, particularly those containing both Arabic and Persian content, using Elasticsearch.Research and develop a method for providing search suggestions to users based on the search history of other users in a search engine.Supervised by Prof. Behrouz Minaei-Bidgoli	
Master's Thesis <i>Iran University of Science and Technology</i>	Apr 2021 - Dec 2021
<ul style="list-style-type: none">Using machine learning methods to determine factors affecting mortality rate and hospitalization length of COVID-19 patients.Supervised by Prof. Nasser Mozayani	
Master's Thesis <i>University of Tehran</i>	Jan 2016 - Feb 2017
<ul style="list-style-type: none">Determining innovation risks in research and development phases: an application of qualitative research in the pharmaceutical industrySupervised by Prof. Nima Garoosi Mokhtarzadeh	

TEACHING EXPERIENCE

Graduate Teaching Assistant <i>Portland State University</i>	Sep 2022 - Now
<ul style="list-style-type: none">TA in Ethics in AI, Instructed by Dr. Ameeta AgrawalTA in Discrete Structures I and II, Instructed by Dr. Sarah Mocas	
Graduate Teaching Assistant <i>Iran University of Science and Technology</i>	Sep 2020 - Feb 2021
<ul style="list-style-type: none">TA in Neural Networks, Instructed by Dr. Nasser Mozayani	
Graduate Teaching Assistant <i>University of Tehran</i>	Sep 2014 - Feb 2015
<ul style="list-style-type: none">TA in Non-parametric statistic, Instructed by Dr. Ezzatollah Asgharizadeh	
Teaching Assistant <i>Karaj Azad University</i>	Sep 2010 - Jun 2012
<ul style="list-style-type: none">TA in Operation Research, Instructed by Dr. Sadollah EbrahimnejadTA in Engineering statistics, Instructed by Dr. Sadollah Ebrahimnejad	

OTHER RELEVANT EXPERIENCE

Head of Software Development

Sep 2021 - Aug 2022

Basir Andishan Bina Tadbir

- Implementing agile software development methods within the team's culture
- Introducing and integrating a code review process into the software production workflow
- Designing and configuring Jira, Bitbucket, and Confluence to optimize team collaboration and project management

PROFESSIONAL INVOLVEMENT

PC member or Reviewer at following conferences:

- Computational Intelligence journal
- The workshop of Secure and Trustworthy Large Language Models (SET LLM @ ICLR 2024)
- The 2024 Joint International Conference on Computational Linguistics, Language Resources and Evaluation (LREC-COLING 2024)
- 10th Annual International Conference on Algorithms and Discrete Applied Mathematics (CALDAM 2024)
- The 2023 Conference on Empirical Methods in Natural Language Processing (EMNLP 2023)
- Fourth Workshop on Simple and Efficient Natural Language Processing (SustaiNLP @ ACL 2023)

CERTIFICATES

Deep Learning Specialization

July 2020

Issued by deeplearning.ai on Coursera

Reinforcement Learning Specialization

September 2020

Issued by University of Alberta and amii on Coursera

TensorFlow Developer Professional Certificate

September 2020

Issued by deeplearning.ai on Coursera

TECHNICAL & COMMUNICATION SKILLS

- Programming: Python, Bash, SQL
- NLP & ML Libraries: PyTorch, TensorFlow, Hugging Face, Scikit-learn
- Data Analysis: Numpy, Pandas, SciPy, Matplotlib, Plotly
- Tools: Git, Jira, Bitbucket, Confluence
- Languages: English, Persian
